SOUTHERN CALIFORNIA VASCULAR SURGICAL SOCIETY

38th Annual Meeting

OCTOBER 22-24, 2020
Coronado Island Resort and Spa
San Diego, CA
Dear Friends in Vascular Surgery,

The Southern California Vascular Surgical Society’s **38th Annual Meeting** will be held **October 22-24, 2020** Coronado Island Marriott, San Diego, CA.

Thirty-eight years ago, Max Gaspar initiated the first SCVSS meeting which was held at the Old Ranch Country Club in Long Beach on May 22, 1980. The founding members present were doctors John Ball, Max Gaspar, James McKittrick, Wesley Moore, Herbert Movius, Louis Smith and Richard Treiman.

They declared the objectives of this organization shall be:

- To maintain or improve the standard of practice of vascular surgery in the Southern California geographical area;
- To contribute to the active continuing education of its membership;
- To advance the science and art of peripheral vascular surgery.

Since its inception, our Society of talented vascular surgeons has set the example of a principled, progressive surgical community. Our upcoming meeting will be held in beautiful Coronado, California and Dr. Bianchi and I are looking forward to putting together an outstanding meeting.

Plan to join us as we open the conference with the Welcome Reception on Thursday evening, October 22, 2020. The Scientific Sessions will be held on Friday and Saturday. A casual banquet with entertainment will be held on Friday night for all registrants. The 38th Annual meeting will conclude with the SCVSS Member Business Meeting on Saturday morning, October 24.

Sincerely,

Juan Carlos Jimenez MD, MBA, FACS

*Southern California Vascular Surgical Society President 2020*

Dr. Starnes is the President of Western Vascular Society and recognized nationally and internationally for his work in aortic pathology and vascular trauma, most notably the management of ruptured abdominal aortic aneurysms and acute aortic syndromes.

Dr. Starnes received his undergraduate degree at Albright College in Reading, PA, his medical degree at Jefferson Medical College in Philadelphia and completed his surgical training at Walter Reed in Washington, D.C. Prior to accepting his position at UW Medicine, Dr. Starnes spent a total of 15 years in the United States Army serving three combat tours, one in Kosovo and two in Iraq.

Dr. Starnes’ current research activities focus on multi-branch and fenestrated endografting for complex aortic disease, vascular trauma and studying factors that influence outcomes for patients presenting with ruptured abdominal aortic aneurysm. He currently serves as Principal Investigator on ten clinical trials and as Associate Investigator on an additional twenty-two clinical trials. Dr. Starnes’ extensive research involvement combined with his clinical and technical abilities provides him with opportunities to speak regularly at medical conferences around the globe. He has accepted 23 national visiting professorships and lectured internationally in 15 different countries including France, Belgium, Australia, the United Kingdom, Brazil and China.

John Ullmen, PhD
UCLA Leadership Business School Professor

The Sunday Presidential Guest Speaker for the 2020 Southern California Vascular Surgical Society Annual Meeting is John Ullmen, Ph.D., is a Continuing Lecturer at the UCLA Anderson School of Management. He has taught for 15 years across the MBA, FEMBA, EMBA and Executive Education programs. He received the Teaching Excellence Award from the Executive MBAs, which recognizes “the faculty member who has had the most positive impact on you, contributing to your knowledge, business acumen and world view.”

Over the past two decades, he has conducted hundreds of in-depth executive coaching engagements with leaders across a wide range of Fortune 500 firms and industry leaders in technology, media, entertainment, consumer products, healthcare, biotech, finance, banking, real estate, professional services, construction, defense and government.

His book, Real Influence: Persuade Without Pushing and Gain Without Giving In, was selected as one of the “Top 30 Books in Business” of the year. His writing also has been featured in Harvard Business Review, on MSNBC, the Los Angeles Times, and other major media outlets. His video programs on LinkedIn Learning have millions of paid views, have been selected for featured lists, and translated into multiple languages. Programs include Executive Leadership, Developing Executive Presence, Influencing Others, Mindfulness, Communication Foundations, Connecting with Executives, Executive Coaching and Working with an Executive Coach.

John began his career as an officer in the U.S. Air Force, where he served as a lead system engineer for a global Joint Chiefs of Staff intelligence program. He has a Ph.D. Organizational Behavior, UCLA Anderson School of Management, a Masters in Public Policy, from Harvard University and B.S. Engineering Mechanics, from the US Air Force Academy. He will be speaking on leadership, executive presence, and influence.

Surgical Conference Solutions

LEARNING OBJECTIVES—

ACCME INFORMATION

Topics will be presented which relate to the clinical treatment of vascular surgery patients. Presentations will focus on best surgical practice and expert opinion. At the end of this activity, participants will be able to:

1. Participants must be able to effectively manage paravisceral aortic aneurysms with the available endovascular modalities available. They should also recognize that this is an emerging therapy with usage outside of the intended instructions for use (IFU) and long-term outcomes have yet to be clearly defined.

2. Participants are expected to understand the indications and techniques of complex venous construction of the major abdominal venous structures. Moreover, various conduits are available and recognize the strengths and weakness of conduit choice.

3. Participants are invited to understand the challenges facing the future of the vascular workforce related to demographic changes projected in the US populations and be conversant in the possible divisions of labor due to the shortage of Vascular surgeons will create in the coming decades.

4. Participants will understand the indications for open aortic interventions for aortic occlusive disease with particular attention paid to unique anatomic features which lend to open surgery therapy.

5. Participants will be able to recognize the diversity of endovascular therapies being offered patients for critical limb ischemia and discuss the possible reasons for the heterogeneity in current endovascular treatments.

ACCREDITATION STATEMENT

The CME Application is pending approval by Amedco.

This activity has been planned and implemented in accordance with the accreditation requirements and policies of the Accreditation Council for Continuing Medical Education (ACCME) through the joint providership of Amedco and the Southern California Vascular Surgical Society. Amedco is accredited by the ACCME to provide continuing medical education for physicians.
Thursday, October 22, 2020

10:00 AM – 4:00 PM  SOCAL VOICE MEETING
3:00 PM – 8:00 PM  GENERAL SESSION SET UP
4:00 PM – 7:30 PM  REGISTRATION OPENS
4:00 PM – 6:00 PM  EXECUTIVE COUNCIL MEETING
5:00 PM – 6:00 PM  EXHIBIT SET UP
5:30 PM – 6:30 PM  TECH FORUM
6:00 PM – 7:30 PM  WELCOME RECEPTION
7:30 PM – 9:30 PM  SCVSS PAST PRESIDENT’S DINNER

Friday, October 23, 2020

7:00 AM – 12:00 PM  EXHIBITS OPEN
7:00 AM – 1:30 PM  REGISTRATION OPEN
7:00 AM – 7:45 AM  CONTINENTAL BREAKFAST & EXHIBITS
7:45 AM – 8:00 AM  WELCOME GREETING
8:00 AM – 9:05 AM  SCIENTIFIC SESSION I

8:00 – 8:10  1. (10) RISK FACTORS AND OUTCOMES OF ACUTE AND CHRONIC TYPE B AORTIC DISSECTION VS DESCENDING THORACIC ANEURYSM FROM THE GLOBAL REGISTRY FOR ENDOVASCULAR AORTIC TREATMENT (GREAT) Ali Azzizadeh, MD, Cedars-Sinai Medical Center

8:10 – 8:20  2. (44) RISK SCORE CALCULATOR FOR STROKE AFTER ENDOVASCULAR REPAIR OF THORACIC AORTIC ANEURYSMS (TEVAR) IN THE VASCULAR QUALITY INITIATIVE DATABASE
8:20 – 8:25* 3. (49) PROTEOMIC ANALYSIS OF DESCENDING THORACIC AORTIC ANEURYSMS AND DISSECTIONS TO IDENTIFY BIOMARKERS FOR SURGICAL MANAGEMENT
Sarah Parker, PhD, Cedars-Sinai Medical Center

8:25 – 8:30* 4. (6) PERCUTANEOUS AXILLARY ARTERY ACCESS FOR PERIPHERAL AND COMPLEX ENDOVASCULAR INTERVENTIONS: CLINICAL OUTCOMES AND COST BENEFITS.
Ann Yufa, BS, University of California, Riverside, School of Medicine

8:30 – 8:35* 5. (23) USE OF INNER BRANCHES DURING PHYSICIAN MODIFIED ENDOGRAFTING FOR COMPLEX ABDOMINAL AND THORACOAABDOMINAL AORTIC ANEURYSMS
Louis Zhang, MD, Comprehensive Aortic Center, Keck Medical Center of University of Southern California

8:35 – 8:45 6. (47) POLYMER BASED ENDOGRAFTS HAVE IMPROVED RATES OF PROXIMAL AORTIC NECK DILATATION AND MIGRATION
Asma Mathlouthi, MD, University of California, San Diego

8:45 – 8:55 7. (22) EARLY RESULTS AND TECHNICAL TIPS OF COMBINING ILIAC BRANCH ENDOPROSTHESES WITH FENESTRATED STENT GRAFTS DURING ENDOVASCULAR REPAIR OF COMPLEX ABDOMINAL AND THORACOAABDOMINAL AORTIC ANEURYSMS
Louis Zhang, MD, Comprehensive Aortic Center, Keck Medical Center of University of Southern California

8:55 – 9:05 8. (32) RE-INTERVENTIONS AFTER NELLIX ENDOVASCULAR ANEURYSM SEALING SYSTEM PLACEMENT: SINGLE INSTITUTION FIVE-YEAR EXPERIENCE
Michael N. Levine, MD, University of California, San Diego

9:05 – 9:15 Q & A

9:15 AM – 9:45 AM GUEST PRESENTATION -STARNES SALON

9:45 AM – 10:00 AM Q & A SALON

10:00 AM – 10:15 AM REFRESHMENTS AND EXHIBITS SALON

10:15 AM – 10:30 AM RAPID FIRE SESSION SALON

10:15 – 10:20 9. (51) RAPID PROGRESSION OF ATHEROSCLEROSIS PRESENTING WITH CELIAC ARTERY OCCLUSION AND MESENTERIC ARTERY SEVERE STENOSIS AFTER EXPOSURE TO BEVACIZUMAB
Beatriz V. Leong, MD, Loma Linda University
10:20 – 10:25  10. (57) INTENTIONAL BILATERAL RENAL ARTERY COVERAGE DURING RUPTURED ENDOVASCULAR PROXIMAL PARAANASTOMOTIC AORTOBIFEMORAL BYPASS PSEUDOANEURYSM REPAIR
Steven Tohmasi, BS, University of California, Irvine School of Medicine

10:25 – 10:30  11. (17) ENDOVASCULAR INFRAMESENERIC AORTIC ANEURYSM REPAIR IN CROSSED FUSED RENAL ECTOPIA
William Duong, MD, University of California, Irvine

10:30 AM – 11:50 AM  SCIENTIFIC SESSION II  SALON

10:30 – 10:40  12. (18) DEEP VENOUS STENTING IMPROVES HEALING OF LOWER EXTREMITY VENOUS ULCERS
Joe Pantoja, MD, University of California Los Angeles

10:40 – 10:50  13. (28) TECHNICAL MODIFICATIONS DURING ENDOVENOUS MICROFOAM ABLATION OF AXIAL AND TRIBUTARY VEINS RESULT IN DECREASED THROMBOTIC COMPLICATIONS
Tristen Chun, MD, University of California, Los Angeles

10:50 – 11:00  14. (25) OUTCOME OF MICROPHLEBECTOMY IN PATIENTS WITH ISOLATED VARICOSE TRIBUTARIES
Regina Husman, BS, UCLA David Geffen School of Medicine

11:00 – 11:05*  15. (4) SHORT DURATION CATHETER-DIRECTED THROMBOLYSIS FOR ACUTE PULMONARY EMBOLISM RAPIDLY IMPROVES ACUTE CARDIAC FUNCTION
Omar Al-Nouri, DO, Univeristy of California, San Diego

11:05 – 11:10*  16. (13) ARTERIOVENOUS FISTULA MATURATION: PHYSICAL EXAM VS FLOW STUDY
Ben Caputo, MS3, Loma Linda University

11:10 – 11:15*  17. (60) CONTINUITY OF CARE IN VASCULAR ACCESS AND REVISION PROCEDURES
Timothy Copeland, MPP, University of California, Los Angeles

11:15 – 11:20*  18. (27) ELECTIVE RESECTION OF SYMPTOMATIC ARTERIOVENOUS ACCESS IN PATIENTS WITH FUNCTIONING RENAL ALLOGRAFTS AT A HIGH VOLUME TRANSPLANT HOSPITAL
Jesus Ulloa, MD, University of California, Los Angeles

11:20 – 11:25*  19. (29) ANALYSIS OF TRAUMATIC AXILLO-SUBCLAVIAN VESSEL INJURIES: ENDOVASCULAR MANAGEMENT IS A VIABLE OPTION TO OPEN SURGICAL RECONSTRUCTION
Hans Boggs, MD, Loma Linda Medical Center

11:25 – 11:30*  20. (30) ANALYSIS OF TRAUMATIC VERTEBRAL ARTERY INJURY OUTCOMES: MEDICAL MANAGEMENT IS SAFE DESPITE SEVERITY OF INJURY
Hans Boggs, MD, Loma Linda Medical Center

11:30 – 11:40
21. (9) USING HUMAN FACTORS TO IMPROVE WORKFLOW AND EFFICIENCY IN THE HYBRID OPERATING ROOM
Cassra Arbabi, MD, Cedars-Sinai Medical Center

11:40 – 11:50
Q & A

12:00 PM – 1:00PM
GORE LUNCH SYMPOSIUM WITH DR. AZIZADEH

6:00 PM
BANQUET

Saturday, October 24, 2020

7:00 AM – 12:00 PM
EXHIBITS OPEN

7:00 AM – 12:30 PM
REGISTRATION OPEN
FOYER LOBBY

7:00 AM – 7:45 AM
CONTINENTAL BREAKFAST & EXHIBITS
SALON

7:45 AM – 8:30 AM
SCIENTIFIC SESSION III
SALON

7:45 – 7:50*
22. (53) INCREASED AGE LEADS TO INCREASED MORTALITY FOLLOWING PERIPHERAL VASCULAR INTERVENTIONS FOR CRITICAL LIMB THREATENING ISCHEMIA
Nallely Saldana-Ruiz, MD, University of Southern California, Keck Medical Center

7:50 – 7:55*
23. (20) THE INFLUENCE OF ETHNICITY ON OUTCOMES OF PERIPHERAL ARTERY DISEASE IN SOUTHERN CALIFORNIA
Joshua Gabel, MD, Loma Linda University Health

7:55 – 8:00*
24. (42) NON-AMBULATORY PATIENTS WITH CHRONIC LIMB-THREATENING ISCHEMIA HAVE WORSE ONE-YEAR AMPUTATION FREE SURVIVAL AFTER PERIPHERAL ENDOVASCULAR INTERVENTION COMPARED TO AMBULATORY PATIENTS
Isaac Naazie, MD, University of California, San Diego

8:00 – 8:05*
25. (52) PERCUTANEOUS CLOSURE OF THE AXILLARY ARTERY FOR LARGE SHEATH ACCESS AFTER COMPLEX AORTIC PROCEDURES
Faraien Bahri, MD, Kaiser Permanente Los Angeles

8:05 – 8:15
26. (54) RENAL DYSFUNCTION INCREASES RISK OF PERIPHERAL VASCULAR INTERVENTIONS FOR PATIENTS WITH CHRONIC LIMB THREATENING ISCHEMIA
Nallely Saldana-Ruiz, MD, University of Southern California, Keck Medical Center
27. (38) CONTEMPORARY OUTCOMES OF OPEN FEMOROPOPLITEAL BYPASS
Asma Mathlouthi, MD, University of California, San Diego

28. (15) ANESTHETIC AND PROCEDURAL CHOICE ARE NOT ASSOCIATED WITH
POST-OPERATIVE MYOCARDIAL INFARCTION OR MORTALITY IN ACUTE LIMB
ISCHEMIA
Janell Holloway, BA, University of California, Los Angeles

29. (12) CONSERVATIVE MANAGEMENT OF NON-INFECTED DIABETIC FOOT
ULCERS ACHIEVES WOUND HEALING AND LIMB SALVAGE IN THE SETTING OF
MILD-MODERATE ISCHEMIA
Beatriz V. Leong, MD, Loma Linda University

30. (24) USE OF PLACENTAL MEMBRANE PRODUCTS FOR LIMB SALVAGE IN
THE OUTPATIENT SETTING
Sriram Rangarajan, MD, Arrowhead Regional Medical Center

8:40 – 8:50 Q&A

8:50 AM – 9:15 AM GUEST PRESENTATION -ULLMEN SALON

9:15 AM – 9:30 AM Q & A SALON

9:30 AM – 10:00 AM REFRESHMENTS AND EXHIBITS SALON

10:00 AM – 10:30 AM RAPID FIRE CASE PRESENTATIONS SALON

31. (50) MANAGEMENT OF LOWER EXTREMITY CHRONIC TRAUMATIC
ARTERIOVENOUS FISTULA WITH ILIAC LIMB STENT GRAFT
Sandeep Jhajj, MD, Loma Linda University

32. (5) APPLICATION OF THE VORTEC TECHNIQUE IN CREATING A PROXIMAL
INFLOW CONDUIT IN THE CIRCUMFERENTIALLY-CALCIFIED OR “LEAD-PIPE”
AORTA
Amarseen Mikael, MD, University of California, Riverside, School of Medicine

33. (59) TOTAL OCCLUSION OF THE PROXIMAL INTERNAL CAROTID ARTERY
WITH DISTAL PATENCY MAINTAINED BY A PERSISTENT HYPOGLOSSAL
ARTERY WITH RETROGRADE FLOW: A CASE REPORT
Michael Cheng, MD, Kaiser Permanente Fontana Medical Center

34. (56) INTRAVASCULAR ULTRASONOGRAPHY IS A USEFUL ADJUNCT IN THE
MANAGEMENT OF COMPLEX SPONTANEOUS RENAL ARTERY DISSECTIONS
Steven Tohmasi, BS, University of California, Irvine School of Medicine

35. (61) COMPARATIVE OUTCOMES OF ENDOVASCULAR TIBIAL
INTERVENTIONS UTILIZING AHERECTOMY VERSUS ANGIOPLASTY ALONE
Terri Shih, BS, David Geffen School of Medicine at UCLA
10:30 AM – 11:20 AM  SCIENTIFIC SESSION IV  SALON

10:30 – 10:40  36. (46) COMPARING PERIOPERATIVE AND LONG-TERM OUTCOMES OF URGENT, EARLY OR LATE CAROTID REVASCULARIZATION AMONG PATIENTS WITH SYMPTOMATIC CAROTID ARTERY STENOSIS
Christina Cui, BS, University of California, San Diego

10:40 – 10:50  37. (40) ANESTHETIC CHOICE DURING TRANSCAROTID ARTERY REVASCULARIZATION (TCAR) AND CAROTID ENDARTERECTOMY IMPACTS RISK OF MYOCARDIAL INFARCTION (MI)
Rebecca Marmor, MD, University of California, San Diego

10:50 – 11:00  38. (39) IN-HOSPITAL OUTCOMES OF TRANSCAROTID ARTERY REVASCULARIZATION WITH DYNAMIC FLOW REVERSAL VERSUS TRANSCAROTID ARTERY STENTING WITH DISTAL EMBOLIC PROTECTION
Isaac Naazie, MD, University of California, San Diego

11:00 – 11:10  39. (48) COST-EFFECTIVENESS ANALYSIS OF CAROTID ENDARTERECTOMY VERSUS TRANSCAROTID ARTERY STENTING
Christina Cui, BS, University of California, San Diego

11:10 – 11:20  40. (41) DUAL ANTIPLATELET THERAPY IS ASSOCIATED WITH INCREASED RISK OF BLEEDING AND DECREASED RISK OF STROKE FOLLOWING CAROTID ENDARTERECTOMY
Rebecca Marmor, MD, University of California, San Diego

11:20 AM – 11:30 AM  SOCAL VOICE UPDATE  SALON

11:30 AM – 12:30 PM  SCVSS BUSINESS MEETING  SALON

12:15 PM  ADJOURNMENT OF MEETING

* denotes Mini-Presentation (5 minute duration)
VENUE
Coronado Island Resort & Spa
2000 Second Street, Coronado, CA, 92118

Coronado Island Marriott Resort & Spa offers a perfect venue for our conference. With views of the San Diego skyline and Coronado Bridge, the hotel is ideally situated to provide easy access post meeting to Coronado Beach and San Diego attractions, including the Gaslamp District and Balboa Park. Inside, guests can recharge in spacious, redesigned hotel rooms, suites and private cottages. The resort boasts three pools, a pickleball court, a newly renovated wellness center and a day spa, as well as delicious dining options. For SCVSS meeting events on Coronado Island, you’ll appreciate the nearly 45,000 square feet of upscale hotel venues, from ballrooms to boardrooms. We look forward to welcoming you to Coronado Island Marriott Resort & Spa.

Group room block has been arranged and the rate of $249. This rate is only available until September 19, 2020. All reservations must be accompanied by a first night room deposit or guaranteed with a major credit card. The resort fee is available for $30.00 for those who wish to use bicycles, boogie boards or attend fitness classes on property. The spa onsite is offering a 20% discount to all our attendees and their guests.

RESERVATIONS
1(800) 228-9290 or Book online

INDIVIDUAL RESERVATION CANCELLATIONS
To avoid a one night’s room and tax charge, reservations must be canceled at least 72 hours prior to scheduled arrival.

HOW TO GET HERE
San Diego International Airport (SAN)
Airport Phone: +1 619-231-2100
Hotel direction: 7.4 miles SE

This hotel does not provide shuttle service.
• Alternate transportation: Super Shuttle; fee: $16 USD (one way); reservation required
• Estimated taxi fare: $25 USD (one way)

Visit SAN airport website

Driving directions
Turn left onto N Harbor Dr and travel 1.4 miles. Turn left onto W Grape St and travel 0.4 miles. Take the Interstate 5 S ramp and merge onto I-5 S. Travel 2.4 miles and take exit 14A to merge onto CA-75 S/San Diego – Coronado Bridge toward Coronado. Continue to follow CA-75 S for 2.3 miles. Turn right onto Glorietta Blvd. Travel 0.2 miles and turn right. Take a slight left at Access Road. The hotel will be on the right.

PARKING
Valet: $35.00 / $13.00 hourly, Self-Parking: $31.00 / $15.00 hourly (In and out privileges will be extended to overnight guests).

Plan to come to the Annual Banquet where we maintain our tradition of amazing cover bands! This year we will be entertained by Stevie Nicks Illusion who have been referred to as the most authentic sounding tribute to Stevie Nicks to date! The band showcases not only the songs from Stevie Nicks’ incredible solo career, complete with duets with Tom Petty and Don Henley, but also the unforgettable hits of Fleetwood Mac!
REGISTRATION INFORMATION

The Annual Meeting is open to SCVSS Members and their guests. Non-Member Physicians, Residents, Fellows, Allied Health Professionals and Students also are invited to attend. Note to Members: Registration fees for the Annual Meeting are no longer included by payment of Annual Membership Dues.
