Southern California Vascular Surgical Society

42nd Annual SCVSS Meeting

April 19 - 21, 2024
The Seabird Resort, Oceanside, CA

Dear Friends in Vascular Surgery,

I hope this message finds you in good health. It is a true honor to serve as the 42nd President of the SoCal Vascular Surgical Society. This SCVSS has been a special part of my personal growth and professional development. The opportunities our society offers to learners and growers at all levels are truly outstanding, and it's a privilege to help carry the torch of this legacy for another year. Thank you all for your trust, encouragement, and support.

Our society has a diverse membership and a proud history of bringing together the most talented and dedicated vascular surgeons in the southern California region who are committed to advancing the practice of vascular surgery, promoting research, enhancing patient care, and inspiring each other with research presentations. Together with this year's Program Chair, Dr. Jesus Ulloa, we will welcome abstract submissions beginning January 14, 2024, with a February 1 deadline.

This year's theme is Wellness. It is my pleasure to announce that the Dr. Dennis Baker Memorial Lecturer will be Dr. John Eidt from Baylor. He will be speaking about Second Victim Syndrome. The Sunday Guest Lecture is Dr. Elizabeth Ann Bromley who is a fellow UCLA faculty member Professor-in-Residence, Psychiatry and Biobehavioral Sciences. One of our wellness goals for the program is to spend some time with family and friends. Our schedule allows such time and space, and we are excited to have the venue be at the lovely Pacific Ocean. We are also excited to announce that this year we will have a dedicated "kids party" with caregivers during the Presidential Banquet.

We hope you will plan to attend our meeting April 19-21, 2024 at the beautiful Seabird Resort in Oceanside, CA and invite a colleague and friend. Families are encouraged!

If you have ideas or suggestions on the role of the SoCal Vascular Surgical Society, please contact me. See you in Oceanside this April!

Sincerely,

Jess O'Connell, MD

ROBERT J. HYE **BEST TRAINEE COMPETITION**

Dr. Bob Hye was an outstanding vascular surgeon committed to excellence in research by being the San Diego Area Research Chair for SCPMG. His academic interests included carotid and peripheral arterial disease. Bob published over 100 articles and book chapters and was the Principal Investigator in 40 clinical research trials to better the field of vascular surgery. He was also responsible for founding registries to track abdominal aortic aneurysms within the Kaiser Permanente System. As a physician, educator, researcher, and scholar Bob's life is a testament to vascular surgery – the surgical specialty he cultivated and helped flourish at UCSD and in the Southern California region. His counsel, enthusiasm for vascular surgery, commitment to resident education, and leadership was especially significant.

He took advantage of every day and never complained about his illness, referring to it as only "bad luck". He was pragmatic, sharp and funny. He passed on February 22, 2016. He is deeply missed by everyone whose life was touched by his. Cash prizes will be awarded to the top three papers presented by residents at the meeting to honor loyal past member Dr. Robert J. Hye.

DR. J. DENNIS BAKER MEMORIAL PRESIDENTIAL GUEST LECTURE

Dr. Dennis Baker Invited Guest Lecturer

John Francis Eidt, MD

John Eidt, MD, RVT, RPVI, FACS, earned his medical degree at the University of Texas Southwestern Medical School in Dallas, Texas. He then completed an internship and a residency in general surgery at Brigham and Women's Hospital in Boston, MA. He returned to UT Southwestern for fellowship training in vascular surgery.

Dr. Eidt is board-certified in both general surgery and vascular surgery by the American Board of Surgery. His academic focus is on surgical education, and he has a broad-spectrum clinical vascular practice. Dr. Eidt has been a member of the faculty at the University of Arkansas for Medical Sciences in Little Rock, AR, and was a staff surgeon at Greenville Health System in Greenville, SC.

Since 2015, he has been vice chair of vascular surgery at Baylor Scott & White Heart and Vascular Hospital - Dallas. Dr. Eidt is a Distinguished Fellow of the Society for Vascular Surgery, is co-editor of Scientific American Vascular and Endovascular Surgery, and serves on the editorial board of Vascular Specialist, the official publication of the Society for Vascular Surgery.

Past President Dr. J. Dennis Baker, MD, Professor Emeritus of Surgery passed on January 26, 2021 due to heart failure. Dr. Baker was a gifted surgeon, educator, mentor, administrator, and dedicated researcher in vascular physiologic testing and imaging.

He was devoted to his patients and trainees and was a beloved UCLA faculty member and doctor at the Veterans Administration. He served the VA for over 46 years as a surgeon, chief of vascular and in several administrative positions.

To honor his contributions to the vascular community members voted to tribute a guest lecture in his name. In 2021 Dr. Teruya chose Dr. Farber to be the inaugural Dr. J. Dennis Baker Presidential Guest Lecturer.

INVITED GUEST LECTURE

Invited Guest Lecturer

Dr. Elizabeth Ann Bromley

Elizabeth Bromley is a psychiatrist and medical anthropologist. She is Associate Professor in Residence in the Departments of Psychiatry and Biobehavioral Sciences and Anthropology at UCLA. She is the Director of the UCLA-DMH Public Mental Health Partnership which provides training and implementation support to public mental health clinic teams that serve individuals with severe mental illness.

Between 2004 and 2018, Dr. Bromley was Medical Director for the Greater Los Angeles VA Mental Health Intensive Case Management (MHICM) program. Her research has focused on the beliefs and concepts that underlie caregiving practices and the extent to which they match therapeutic action to patient experience. Dr. Bromley also has a research interest in physician identity and physician emotional experience, particularly as they pertain to the problem of suicide among physicians.

ABSTRACTS

Program Chairman Dr. Jesus Ulloa and the Program Committee Member Dr. Nina Bowens, and Second President Elect Dr. Andrew Barleben will review the submissions after abstract deadline of February 1 and notify successful authors by March 1.
